ZAKURA CAMPUS
UNIVERSITY OF KASHMIR
DEPARTMENT OF ELECTRONICS ENGINEERING**

PROJECT NOTICE

All the students of 5th semester Electronics & Communication (Batch 2016) are directed to make groups of four or five and start the process of idea generation for their major project. The projects can be based on some contemporary research or some innovative idea or any infrastructural electronic design primarily catering to the societal benefits. The formed groups can use brainstorming with respective faculty of their choice and subject experts to zero in on a particular work area and problem. This exercise is performed early in order to specialize themselves in the respective areas, Update their skill set and get an ample time to frame research papers or patents that can help in their future endeavours. In this connection, the CR of the class is required to submit the list of groups latest by 1st November 2018. And the students are directed to submit the name of the research/work area by 10th of November.
